

## Copyright Infringement Policy

Catch A Captains recognizes the importance of safeguarding intellectual property rights and expects all users of its platform to respect these rights.

We maintain a stringent policy to address instances of copyright infringement, which may lead to the disabling or termination of user accounts, at our discretion, for repeated violations of the copyrights or other intellectual property rights of others.

In accordance with applicable copyright laws, Catch A Captains promptly responds to notices regarding alleged copyright infringements on our website or other publicly accessible digital properties. To report such infringements, copyright owners, authorized representatives, or individuals acting under exclusive copyright rights may submit a formal DMCA Notice of Alleged Infringement to our Designated Copyright Agent (details provided below).

Upon receiving a valid Notice, we will swiftly remove or block access to the allegedly infringing content, notify the alleged infringer accordingly, and provide them with an opportunity to submit a counter-notice to contest the allegations. If a counter-notice is received, we will promptly forward it to the complainant and reinstate the removed or blocked content within 10-14 business days, unless evidence is provided indicating legal action has been taken against the alleged infringer regarding the content.
